Christine & Marlene,

Attached are some dioxin PRGs we are looking at for San Jacinto. Phil has prepared the attached memo on the numbers & we would appreciate your comments/discussion on these. Also, we are considering a Principle Threat Waste concentration of 13,000 ppt (one order of magnitude higher than 1,300 ppt outdoor worker value). We are currently reviewing the draft FS submitted by the PRPs & this may impact our comments.

Thanks,

Gary Miller
